Rules for entry and return to the Czech Republic (as of 18th March 2022)

PART A

Czech and EU+ citizens, their family members with a residence permit in the EU+, foreign nationals with a long-term or a permanent residence permit in the EU+ countries

Arrivals from the EU+ countries

- It is not obligatory to prove your infection-free status upon arrival from the EU+ countries

Arrivals from the non-EU+ countries

- Fill in the Passenger Locator Form
- Vaccination against Covid-19
- OR
- Recovery from Covid-19
- OR
- Negative PCR or RAT before the travel + PCR after the arrival

Useful information

- Voting certificate is valid 14 days after the end of the vaccination for the period of 270 days; this period may be extended by the Covid Booster Shot.
- Recovery certificate is valid 11 days after the positive test for the period of 180 days.

Testing before the beginning of the travel:
- PCR no older than 72 hours
- RAT no older than 24 hours

PCR test between 5th and 7th day after the arrival

Children under 12 years old have an exception from all the hygienic rules.

Certificate of vaccination of children between 12-18 yo is not time-limited

Vaccinated in the EU+
- It is necessary to have an EU digital COVID certificate

Vaccinated outside of the EU+
- It is necessary to have an EU digital COVID certificate or a written confirmation which is published on the Ministry of Health website; only vaccinations approved by EMA or products produced in compliance with the patent of the approved vaccinations are accepted.

Recovered from Covid-19
- It is necessary to have an EU digital COVID certificate or a certificate issued by an authorized subject operating in a third country, for which was adopted an implementing act in accordance with the European Union regulation on EU digital COVID certificates.

Citizens and some residents of Czechia can enter the country even in case of a positive test before arrival. Rules for transport with a positive test are described in the Ministry of Health Protective Measure.
