Dear XXXXX,

As I've already mentioned, Ministry of the Interior is not entitled to provide you any information on the police investigation or on evaluation of possible security threats. Relevant information were provided to Ministry of Trade and to XXXXX as well.
Therefore, I am afraid, we could not help you. Our meeting would not bring any solution.

Best regards,
Milena Bačková

Dear XXXXX,
as I've mentioned it in Monday, I'm not allowed to talk about any specific cases or about any specific companies. I must point out, that the Ministry of the Interior is not the licencing authority. The licencing authority is the Ministry of Trade. Ministry of the Interior only cooperates with licencing authority and evaluates possible security threats.
I suppose, that our official meeting wouldn't bring any solution of problem of your company.
Best regards
Milena Bačková
